4.Ski Centre

All seems to be on schedule and should open on time (end of April). The situation for the club is that the original conditions offered have been confirmed. PB will be running a performance session on a Mon night as well as his session with Hemel but it will be training with no poles and no dedicated lane. Kandahar have expressed an interest in the 3rd lane on a Weds eve. PB may run schools training on a Weds evening between 6-8pm DF has a meeting coming with SJ when he will discuss race events, who we can /can't approach for sponsorship, boardspace, storage at the top of the slope, office space (filing cabinet etc), hire equipment ,junior devpt group a first aid on race days and the infra structure for timing.
