

HSRC and Impulse Racing/Aosta Race Academy update for Jan 2012

ARA and Impulse have had a great start to the season in Aosta with the BARSC races and are now looking toward the Anglo Scottish races, Welsh Champs and other FIS races within our Valley in January.

As agreed with HSRC, our training and camps are available to Hemel members at a discount. For residential camps we will give 5% off with Outlier training days charged at £60 instead of our usual £65. These must be booked online, please contact Phil for details here - phil@impulse-racing.co.uk

We have educational support at the academy, allowing children to continue with any educational requirements whilst with us (we must have communication with the school prior to the camp for this to be effective).
