- Go Ape at Woburn was suggested with a date mid week in the school holidays. This also gives 10% discount on entry to the safari park.
- Christmas event is still being investigated.
- We may have a BBQ late summer at the Schofield's if Clive finishes his patio!
-

4. Equipment Storage

- Coaches would like 30 more stubbies and 20 gates – Clive will look into ordering them and Dermot will speak to the Snow Centre about ordering at the same time.
- It was agreed that Clive will buy a suitable drill with two lithium batteries and also check to see if we have the correct key.
- Approval has been granted for a cupboard in the 'out' airlock. Wayne Cooper will supply and fit.

5. Snow Centre Issues

- Need to clarify where we can ski on a Weds evening as there is some confusion as to whether we should only ski in the designated lane.
- We need clearer channels of communication between the Snow Centre and the club, particularly about the snow depth and course setting on training nights and information about organisation on race days. Amanda and Dermot need to talk with Centre management.
- Need to look into the PA system and the radio mic.

6. Ed Drake Race Update

- This will go ahead on Sat 24th July. The race will be run by Ed's team and we will assist on the night.

7. Weds Attendance – revised criteria

- Exceptions will be considered on an individual basis

- Grand Prix – July 25th
- Hemel Champs – 18th September
- Future dates 2day CN/GP – July 2nd/3rd 2011
July 7th/8th 2011

We would like to keep an audit of what races people attend this season and construct a table and give recognition for those who have attended the most races

9. Non Attendees

- About 25 not turning up on a Monday after booking in so we feel that we have capacity to open the club to people on the accepted waiting list where there is space in groups. Currently this is the minis and adult groups.
- We discussed the possibility of going back to a Sunday morning in the summer 8am – 10am as well as the winter as it was gaining in popularity when it changed ,may clash with racing ,but Dermot will contact the centre to discuss the possibility.

10. Coaches Meeting

- The coaches requested some guidance on course setting and drilling and Phil agreed to do this during a Monday night's training.
- Phil would like all of the coaches to have a training program for their groups . He will put a template together to make it easier.
- Scott would like to start videoing as part of his training program
- The coaches would like to appoint a flexible coach who could come every week and help out across the ability range wherever needed. Phil will approach suitable people.

11. Fitness

- Agreed that this would be a good idea so we need to investigate ways of implementing it. The idea would be to run a test at the

beginning and end of the summer. Ideally we would like to hand out fitness programs.

- We have a stock of age 5-6 and 7-8 that we sell at £5 each
